The Rivers & Canal Trust are due to visit the area for an awards inspection and this area of land could do with tidying up a little. Adrian has requested the allotment holders in that area carry out the work themselves if possible, |

| | <p>but will possibly need to get in a professional tree cutting firm to sort any areas that may be dangerous for allotment holders to do themselves.</p> <ul style="list-style-type: none"> • A review is still ongoing for the cemeteries adjacent to one of the allotment sites. A number of years ago, this was also looked at and a report came back saying that the bedrock was set at four feet, meaning additional graves could not be dug deep enough. Adrian will report back any further updates at a future meeting in relation to this once the review has been completed by Pendle Borough Council <p>Members thanked Adrian and noted the update.</p> |
| <p>2021/023 (EI)</p> | <p><u>NORTH WEST IN BLOOM COMPETITION</u> To receive feedback following the recent visit from the judges of the North West In Bloom competition.</p> <p>Councillor Tennant updated Members that the judges from the North West in Bloom competition had recently been shown around the town centre by Councillors Ali, Bashir, Tennant and the Assistant Town Clerk. Feedback was generally positive and the judges suggested that the application be switched from a town entry to a town centre entry, given that the vast majority of the display was based in the town centre. This was acted upon and the competition organisers were happy to switch the categories.</p> <p>Results from the judging are expected at some point in September.</p> <p>Members noted the update.</p> |
| <p>2021/024 (EI)</p> | <p><u>PIGEON ISSUES</u> To receive an update around the Pigeon Issues in the town centre which was requested at the last meeting to become a standing item on the agenda.</p> <p>Councillor Hannah-Wood had previously noted that there were still major issues with people feeding pigeons in Nelson Town Centre. The existing signage appears to be too high and people are not reading it. Issues also now underneath the railway bridge where pigeon droppings are causing the footpath below to become hazardous to walk on. The Assistant Town Clerk had since written to Audrey Drinkwater at Pendle Borough Council to ask if signage at eye-level can be installed in the town centre warning people that they are breaking the law for feeding pigeons, and that British Rail are also contacted about the problem underneath the railway bridge. The signage cannot be lowered as when it previously has been, it's been torn down and damaged, resulting in expensive replacements being ordered.</p> <p>Proposed by Councillor Hannah-Wood and Seconded by Councillor Tennant, and RESOLVED: That in the next newsletter, information is included in relation to the health and safety issues which can stem from feeding pigeons in the town centre.</p> <p>The Assistant Town Clerk and Councillor Hannah-Wood had also been in contact with Network Rail with regards to the problem of pigeons nesting underneath the railway bridge. Network Rail acknowledged the concerns and the issue is currently still under investigation.</p> <p>Members noted the update.</p> |
